DionThis book has a nice collection of intermediate level stitching graphs. The graphs are large and charted in color for easy reading. Donna's style is outstanding in this book and have inspired many great gift giving ideas that I want to use. It's worth purchasing and adding to your collection of cross stitch books.0 of 0 people found the following review helpful. pattern bookBy Desert KatI love Donna Kooler pattern books and this one is no exception. It is hard to tell this book is second-hand. I will buy from this vendor again.

From one of the worlds finest cross-stitch designers come some of the prettiest gifts ever created. This charming collection of projects will inspire newcomers to pick up a needle and fabric, while delighting experienced

embroiderers always on the lookout for new ideas. Stitch a floral sachet bag (there are several flower patterns to choose from); an individualized gift tag; or a blue-and-white pillow and afghan. Plus, there's a special angel to cross-stitch for every month of the year.
