It is fun to see the artistic versions of all the famous locations throughout the city. This book is great for anyone who likes to doodle and daydream.

London has so much to offer; whether its the view from the top of the London Eye or down underground on the Tube

you are never far from iconic places, landmarks, and objects. Doodle London has recorded over 100 of these famous features and is packed with imaginative ideas to sketch out your own fantasy version of the city. Pages include the opportunity to draw your own sculpture to put on the famous fourth plinth in Trafalgar Square or the chance to cover the Tate Modern in graffiti and design a new roof garden for it. Why not draw some unusual faces alongside the Queen on the balcony of Buckingham Palace or doodle the ravens hovering over the Tower of London?
