Perfect for writing and adding a touch of color. I have started to buy these, to write daily passages in, for my severely impared and disabled baby, with rare brain disorder. Life expectancy commonly 2yrs, but possible 10 year life span. I write all our happy moments in these books about her life. I want to have these beautiful memories to always be able to reflect on, after she goes to heaven. Not only is there, plenty of writing space, but I can also add all the color that she brings in our lives. I LOVE LOVE LOVE these journals and want the whole collection! The pages are one sided. The pages are not perforated but you can easily cut them out or remove the glue from the binding in the book to separate the pages. Great purchase!
