The year is 3015... The polar ice caps have melted and the deserts expanded, leaving the Earth a seared, crusty Hell. Meanwhile, nuclear fallout has blocked out the sun, plunging the world into a new ice age. (Yes, at the same time.) The question on your mind? "What should I knit?!" Doomsday Knits is a collection of garments and accessories

inspired by the post-apocalyptic genre of film, literature, and fashion. These cutting-edge fashion pieces are just as at home in your closet today as they will be in the dystopian wastelands of tomorrow.
