**From Twenty First Century Games : Dragonlance Adventures (Miniature ADD Collector's Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Dragonlance Adventures (Miniature ADD Collector's Edition):

0 of 0 people found the following review helpful. this book is kinda useless except as something cool for the ol'By Miguel ArellanoNow that newer editions are out, this book is kinda useless except as something cool for the ol' collection1 of 1 people found the following review helpful. Great BookBy George McIntyreAfter collecting for many years I finally decided to get the whole Dragonlance series. This book doesn't disappoint it gives info on all of the races/classes of Kryn and lots of background info. This book was made so you could play any of the first or second edition DL modules and so you can make your own in any of the Kryn eras. It is definitely a book to pick up if you are interested in ADD and want something new.0 of 0 people found the following review helpful. Five StarsBy DwayneI love dragonlance this is an awesome resource

Miniature version of the classic ADD accessory, Dragonlance Adventures. For a brief time, a company in Italy called Twenty First Century Games produced licensed miniature reproductions of classic ADD publications. Each has been exactly reduced to a size that will fit in the palm of your hand. Yet, each is usable readable, though a magnifying glass may be handy!
