A few of the steps on various items are lumped together and occasionally difficult to follow. But the final products are beautiful. 2 of 2 people found the following review helpful. I still a beginner... By spydermeg I'm a beginner with the art of origami, so this instruction book is a bit advanced for me. The instructions are detailed and once I am better at origami I look forward to making everything from this book. 0 of 0 people found the following review helpful.
