1 of 1 people found the following review helpful. Don't waste your moneyBy book collectorThe name is not indicative of the content. The material leaves much to be desired and is not represented by the expectation set. Though there are a couple projects using chain and crystal, I expected more of a nod to jewelry that was rugged and medieval. If I could resell for the cost of purchase and shipping I would.2 of 2 people found the following review helpful. Was disappointed because there was very few chain mail patterns in ...By W. Billie G. following review helpful. So far greatBy Kitty L. HoffmanSo far I really like the designs in this book. I made the Stonehenge necklace today. The negative thing is I think the pictures are really blown up and the actual project is much smaller.

This book celebrates the fascination with jewelry centered on, Medieval, Renaissance and other worldly elements. The influence of the popular Games of Thrones and Harry Potter series of books and shows has fueled this growing interest. Twenty Five projects using popular icons and materials such as leather, crystal and chainmaile complete the collection. All projects incorporate easy to find materials incorporated into projects a beginner to an advanced jewelry maker would enjoy.
