Her devotionals draw you in as she shares her life and life lessons with you all the while pointing you to Jesus- The Author of Christmas! It's so refreshing to be able to enjoy the lovely color pages along with her inspirational words. I love the size of the book- it's not too small or too big. Some color books take a long time to complete just one page and have super tiny spaces to color, but Lisa's is much easier to color and gives you a sense of accomplishment because you can actually finish a page! This beautiful book will make a great gift!

Combining thoughtful devotions with original, hand-drawn art, Bogart's *Drawn into Christmas* is a perfect choice for anyone wanting to find a moment to relax and reflect during the busy holiday season. The unique combination of devotional and adult coloring book blends thought-provoking writings with beautiful drawings to customize with your own style and color. Using Scripture, hymns, carols, beloved traditions, and personal stories, these devotions draw you closer to God as you are drawn more fully into Christmas.
