Beauty for a Bargain (price)!!!By Holly L.I already owned three of the patterns featured in this book, but considering there are still 21 other designs I didn't already have, this book is an EXCELLENT DEAL! I had paid \$14 (bought 2, got 1 free = total \$14) for 3 patterns previously (which is still a good deal considering the quality of the designs!), but purchasing the book saves basically over 75% off purchasing

the patterns separately! THAT IS AN AMAZING DEAL!!! In addition, ALL the designs in this book are top-notch, BEAUTIFUL designs! This is not like other books you buy because it has a few really nice designs you want, but then the rest are simple or ugly things you'd never knit (let's face it, if you are a knitter who has ever bought a knitting book before, you KNOW this happens too many times!). Not with this book though! EVERYTHING IS GORGEOUS!!! I showed the book to my (non-knitter) mother-in-law today because I had made her a Ruffled Ruched scarf for Christmas, and she was so highly impressed with all the beautiful designs, that she immediately started putting in requests for more things I could make her! Thanks to all the patterns in this book, I KNOW my knitted gifts will definitely be well-received! 3 of 3 people found the following review helpful. ... 2 of the scarves in this book and absolutely love them. The patterns are definitely fresh and new, to me anyway. I gave the book 5 stars for it's all around great appearance, and delivers exactly what is pictured. 0 of 0 people found the following review helpful. Most Beautiful Scarves Ever By Carolyn Warren One of my all-time favorite books on knitting. The cowls and scarves are stunningly gorgeous. Each one is a fashion statement piece. I love how the author-creator has used two different yarns on many of the projects. It has opened my eyes to new realms of possibility in knitting. If you love hand knit scarves, this book is a must-have for your collection.

"Dress-to-Impress Knitted Scarves: 24 Extraordinary Designs for Cowls, Kerchiefs, Infinity Loops More is just what it says on the label--24 very impressive scarf and cowl designs! There is a fantastic variety of styles in here. Some, like the one on the cover, have a more nostalgic feel, while most are as modern as they come. From feminine lace and bows to denim and shearling-looks, there's something for just about everybody!" (Tamara Kelly mooglyblog.com 2015-01-05) "The designs are chic and trendy, something so many pattern books are lacking...Another thing that lacks in so many pattern books is photos and charts, but not in Dress-to-Impress Knitted Scarves. You'll find 19 charts, 29 schematics, and 131 color photos!!!!" (Carrie Carpenter hooked-on-crafting.com 2015-01-08) "Scarves are generally thought of as being relatively basic projects...But scarves don't have to be simple or plain. In fact, they can be the stunning highlight to an outfit, making you look more dressed up and put together than you would be otherwise. That's the thought behind [this book]. The book uses lace, colorwork, shaping and other techniques to produce a collection of creative, pretty neckwear unlike a lot of the scarves you've ever seen." (Sarah E. White knitting.about.com 2015-01-13) "Dress-to-Impress has rekindled my love neckwear! Forget what you know about boring traditional scarves, these patterns are about fun, classy, new takes on a traditional accessory." (Megan-Anne lattesandllamas.com 2015-01-14) "Dress-to-Impress Knitted Scarves...is more than just a little bit of eye candy!
