A minor stumbling block was reading the dialect that the slaves used. That being said, the great thing about this book was that there was NO condescension shown toward the slaves by the author or the heroine. The plot centers around the Union Army coming to a plantation in the South, and it was not only tensely exciting, but accurate. The author deserves my belated respect.0 of 0 people found the following review helpful. driven back to edenBy Kindle CustomerA great book of the farm,growing up on a farm as a child this book brought back so many pleasant memories. even though the work was hard as described in the book the lessons learned of the values of life can not be taken lightly.Plus the moral value in the book just makes it even better.It was so much fun to read and for those of you that have little experience of growing what you consume this becomes priceless so order and have fun and learn.0 of 0 people found the following review helpful. Roe has a wonderful writing styleBy Diana AbbottMr. Roe has a wonderful writing style, and easily caught my attention as I began the book. The only reason I gave it 4 stars is that I was a little let down with the ending.

This book is part of the TREDITION CLASSICS series. The creators of this series are united by passion for literature and driven by the intention of making all public domain books available in printed format again - worldwide. At tredition we believe that a great book never goes out of style. Several mostly non-profit literature projects provide content to tredition. To support their good work, tredition donates a portion of the proceeds from each sold copy. As a

reader of a TREDITION CLASSICS book, you support our mission to save many of the amazing works of world literature from oblivion.
