Robert Kuntz, James Ward : Dungeons Dragons: Additional Rules for fantastic medieval wargames, playable with paper and pencil and miniature figures. Supplement IV Gods, Demi-Gods Heroes before purchasing it in order to gage whether or not it would be worth my time, and all praised Dungeons Dragons: Additional Rules for fantastic medieval wargames, playable with paper and pencil and miniature figures. Supplement IV Gods, Demi-Gods Heroes:

0 of 0 people found the following review helpful. Good, but HP are all too low.By songeBefore Deities and Demigods, there was this. It is just a basic layout of the stats of all of the most famous gods from several different pantheons.The general feeling of most Dungeon Master's out there is that all of the stats for gods listed here and later on in Deities and demigods are pretty much insufficient. Gods would have far more than just a few hundred hit points. In fact, immortal beings wouldn't have hit points at all. They would simply be unkillable.So, it's a fun book to read. DMs want it. But, most DMs don't even consider using the stats as is.1 of 1 people found the following review helpful. Five StarsBy DavidOld school just how I like it !

This supplement details pantheons of deities for the original Dungeons Dragons game. It is the predecessor to the

Deities Demigods hardback for the ADD game. It includes figures from Egyptian, Hindu, Greek, Celtic, Norse, Finnish, Aztec, Mayan, Chinese and Japanese mythologies, as well as Hyborean mythos from Robert E. Howard's Conan novels and the Melnibonan mythos from Michael Moorcock's Elric novels.
