Douglas Pickett : Early Persian Tilework: The Medieval Flowering of Kashi before purchasing it in order to gage whether or not it would be worth my time, and all praised Early Persian Tilework: The Medieval Flowering of Kashi:

This work explores the origins and growth of tilework, spectacular architectural manifestation of Islamic Iran. Revising earlier dating, this study demonstrates that Iran had an independent tradition of tilework that continued through the thirteenth century to a peak of achievement in the fourteenth century. Illustrated.
