From Brand: Kalmbach Publishing Company : Easy Beading: The Best Projects from the First Year of BeadStyle magazine before purchasing it in order to gauge whether or not it would be worth my time, and all praised Easy Beading: The Best Projects from the First Year of BeadStyle magazine:

0 of 0 people found the following review helpful. There are some BEAUTIFUL, unique projects that make this book well worth the money! By Rather be at the Beach There are some beautiful, unique projects in Easy Beading! There are also some very basic projects that you would see at every craft fair in the country. It starts out with a bang with "Do Drops" on page 16 that uses teardrop-shaped beads and is just gorgeous! I've never seen anything like "Trace of Lace" (page 204), and the book shows four really interesting examples of necklaces using this technique. It is well worth the money, and I highly recommend this book! 0 of 0 people found the following review helpful. Five Stars By Tina

PerrinGreat product!0 of 0 people found the following review helpful. A must have!By Anne MastersonI took this book out of the library and was so impressed with it I bought a copy for myself. The projects are beautiful, do-able and expertly explained. Every step is clearly photographed for every design, instead of some books which will show you once and then have you referring back to another page mid-project. I have several beading books and this one is definitely in my top five. You will not be disappointed.

Easy Beading showcases the best projects from the first year of BeadStyle magazine together in one beautiful hardcover volume. Readers will find gorgeous designs that can be made with all sorts of materials glass beads, gemstones, pearls, crystals, metals, and more in styles that range from classic to creative. Best of all, these fast, fun fashions require little more than stringing, crimping, and, in some cases, simple wirework. With 101 projects, Easy Beading is sure to inspire.
