Rich with tips and inspirationsBy Wabi SavvyThough not for true beading beginners, this volume is well put together and provides step by step instructions to various interesting projects. Basic techniques are covered (but, obviously, need to be practiced and mastered), as are lists of materials needed for each project. The photos are great and will inspire beaders to upgrade their skills to create more complex items.1 of 1 people found the following review helpful. I love this series in generalBy mary nesiusI love this series in general, but this book, not so much. Very heavy on seed beading stuff, which is becoming trite; other stuff pretty basic. Usually I have marked lots of pages of ideas; in this volume, only a few.0 of 0 people found the following review helpful. Five StarsBy Jill Shannon BenningLove it
