Just what he wanted!By DebThis book had just what my husband was looking for. He really wants to expand his plans now.. Great for him, me.... not so much! Oh well, he deserves it. Great book, lots of ideas and sparks the imagination!0 of 0 people found the following review helpful. very limitedBy JackI would not recommend this book - it only has a few plans and is not much help in deciding on a layout design.

Presents design and construction information for 29 great new toy train layouts. Shows how to build O gauge layouts

for Lionel trains, including everything from concept and track plans to model railroad construction and operation.
