1 of 1 people found the following review helpful. Very HelpfulBy S. LindbloomThis book contains very helpful overviews of several different techniques and aspects of onglaze painting. A great primer on the art, but also a book that inspires and challenges the artist to try something new. As a relatively new porcelain painter, I'm really glad to have this book.0 of 0 people found the following review helpful. Five StarsBy soniaVery good this book have a lot of technic for a first steps on paint porcelain

An exploration of the basic onglaze techniques, this book explains the types of surface that can be used for onglaze painting; how to select and prepare onglaze colour; and how to transfer a design to the surface and apply the paint easily. Information is included on: stencilling techniques; recipes for mediums; pen work; sponge painting; grounding; brushwork; enamel; metallics; gold and platinum application; and outlines for several projects.
