**Gay Merrill Gross, Tina Weintraub : Easy Origami: Step-By-Step Projects That Teach Across the Curriculum (Essentials Geography)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Easy Origami: Step-By-Step Projects That Teach Across the Curriculum (Essentials Geography):

Designed to offer non-specialist teachers a wide range of open-ended photocopiable activities for specified levels of ability, this book is part of the "Essentials" series which provides support for schemes of work being used in the school, either as part of structured sessions or as educationally sound time fillers. Each book contains a variety of games, open-ended investigations, puzzles, real-life problems and "drill and skills" materials designed to support elements outlined in the National Curriculum. This book on land use in a local context before moving on to distance places, both urban and rural.
