**Tomoko Fuse : Easy Origami to Enliven Your Life (Kurashi o Irodoru Raku Raku no Origami) (in Japanese)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Easy Origami to Enliven Your Life (Kurashi o Irodoru Raku Raku no Origami) (in Japanese):

1 of 1 people found the following review helpful. More Fuse FoldingBy becky I brownI was of the impression that the origami book would be all Tomoko Fuse folding. However, there are several other folders featured in the book. There is a good variety of folding designs that are either seasonal or for special occasions. The instructions are in Japanese; however, the diagrams are more than sufficient to fold successfully.9 of 10 people found the following review helpful.

Adorable!By Jacqueline KiffeI have several of Tomoko Fuse's other books, and with one single exception, they are absolute delights. This is one of her easiest books, and one that does not concern itself exclusively with boxes and unit or modular origami (where multiple pieces of paper are folded and then assembled). The lack of English is not a drawback, because the diagrams are excellent. Many origami books suffer because they leave out too many steps. That is not the case here, nor are all the designs too simplistic to be of interest if you have been folding awhile. Some of them, especially the flowers and stars, do take patience, but are achievable and interesting. Plus, the kitties are cute as anything. I rate origami books in three areas: Good diagrams, achievable results, and interesting designs. (If the design is not interesting, who cares if the diagrams are good or that it is achievable?) I give this one five stars not because I like every design, but because it has enough of them I do love and for them, the diagrams are good and the results achievable. Who cares if I never make chopstick rests? The book has plenty other designs to satisfy.0 of 0 people found the following review helpful. Five StarsBy LIZETE COQUETO KALIDI like so much this book and the seller is excelente.
