Michele. BROWN : Edward Bear Esq. before purchasing it in order to gage whether or not it would be worth my time, and all praised Edward Bear Esq.:

0 of 0 people found the following review helpful. Five StarsBy Lori J. BriggsNice sweet book good pictures!5 of 5 people found the following review helpful. Not a baby/preschool/children's book - a collector's book!By Robert W. SmithI've had this book for a long time, as I collected bears as a child and teen. I was looking to list it and looked it up at . lists it as reading level baby/preschool (something like that). It is NOT!!! It is a 112 pg book that is written for teens, adults, and collectors. Lots of really neat photos and pics from early bear days.The book reviews the history of teddy bears from before they were made, up to current collectors. As a previous collector, I loved seeing the old advertisements and pics. One that stood out was a pic of women in a factory in the 1930's making and sewing teddy

bears!(review by Kathy, Bob's wife)

Presents a history of the teddy bear, and includes legends, anecdotes, and collecting information
