Duy Nguyen, Robert Fathauer : Elegant Origami Book Gift Set before purchasing it in order to gage whether or not it would be worth my time, and all praised Elegant Origami Book Gift Set:

None of the pther items were included. No box, no paper... nothing. I did look through the book, and even if the order had come in whole I would not know whom to give this too. The instructions are for making animals (penguins, monkeys etc), which would be appropriate for a child beginning to learn origami. The folds, however, would require a lot of experience. I am an adult and would never attempt them. Finally, the seller (Clean Earth Books) charged me four times the price of the set in shipping fees, and I would have to pay shipping fees to retun the items. I will never buy from that seller again.6 of 6 people found the following review helpful. Great beginner's setBy hollybobMy oldest son is ADHD and this is an excellent activity to make him sit and concentrate. He does amazingly well with it and has created several of the designs in the book. The only change I would recommend for the publisher is to make the book spiral-bound. The binding makes it difficult to keep the book open and see the diagrams while trying to execute the precise folds. The tools included are excellent and the papers are beautiful. The box keeps everything nicely organized. At \$13.99, this is an excellent gift for anyone with an interest in origami, but ideal for a beginner.3 of 3 people found the following review helpful. BeautifulBy AdeleThis product was beautifully packaged, making an excellent gift for some one interested in getting started with origami. It has a variety of projects from simple to more complex and also included some tessellation designs. I love being able to store paper and working projects in the box drawer that houses the book, papers, work page and bone folders. Excellent buy!

The art of origami comes alive with this special gift set, which provides everything a crafter needs to create fantastic folded figures. Open it up to find a fully illustrated book with both basic and advanced geo-gami projects; a toolset with folding and scoring utensils; a gridded work area mat; and best of all, 60 sheets of origami paper. Beginners can

start with a Killer Whale, Flying Dragon, or Unicorn, while the advanced geo-gamists can challenge themselves with tessellations that include a Triple-Tiered Hexagon, Triangle Squash, and Dancing Squares. These projects are sure to spark your imagination and provide a wonderful outlet for your creativity. Kit Includes:- Elegant Origami, 80-page full-color book- 30 sheets of beautiful 8" x 8" origami paper- 15 sheets of traditional 6" x 6" origami paper- 15 sheets of patterned geo-gami paper with folding lines- A completed geo-gami project- 2 bone folding tools- A bone scoring tool- A gridded mat
