Katrin Cargill : Embroidery: 25 Classic Step-By-Step Projects (Traditional Needle Arts) before purchasing it in order to gage whether or not it would be worth my time, and all praised Embroidery: 25 Classic Step-By-Step Projects (Traditional Needle Arts):

5 of 5 people found the following review helpful. For intermediate embroiderers..By Newmie the cat..since the majority of the projects are directed at them. However, there are a few of them which were designed for advanced and beginner needlecrafters. The designs are traditional Eastern European and English and the projects are beautiful and all of them are homefurnishing items. The directions are easy to follow and clear!20 of 21 people found the following review helpful. Beautiful photos and well organized book.By A CustomerThis is a book that Martha Stewart would be proud of. The photos are beautiful, and the book is well organized. It's great for beginners as well as those with higher skill levels, but, most importantly, it tells you HOW to make each project. You are given the needle size, color, and fabric and instructions on finishing. The projects are beautiful to make and doesn't give you the "granny" projects that some books have.
