This a wonderful "learn how" bookBy Helon JohnsonThis a wonderful "learn how" book. I am going to enjoy it and can see that I will want more of Cheryl's books.0 of 0 people found the following review helpful. Good referenceBy CkeGreat book for clear instructions on stitches. I use it on my mobile devices when I am away from home and need help with a stitch. DO NOT get this book in the kindle version (which is what I have) if you want to make any of the designs. It is practically impossible to print the designs properly. When you think about it, that makes sense for a digital book.
