**Vicki Haninger : Embroidery Craft: Stitching Through the Seasons** before purchasing it in order to gage whether or not it would be worth my time, and all praised Embroidery Craft: Stitching Through the Seasons:

4 of 4 people found the following review helpful. Get your stitcheries on!By kitserIf you like cute adorable stitcheries, well then you'll love this book. Page after page of sweet lil pic's that has inspired me stitch. This book is bringing the funk back into embroidery. It is jam packed with ideas and nearly all the designs in it are easy enough for beginners. Luckily for me I bought it for myself for Christmas and what a treat it is indeed. I havent got anything negative to say about the book, only you wont regret having one of these books in your collection to inspire you :-)  
3 of 3 people found the following review helpful. What a great embroidery book!By Lisa HoltVicki has written an inspirational book filled with designs with a vintage feel. If you love to embroider and you enjoy a vintage look, this book will be a good buy for you. The instructions are clear and there are pointer for setting up a sewing area. Great book!  
2 of 2 people found the following review helpful. fabulous bookBy FrancesII really love this book , everything about it is good , the content is beautiful and the projects have such charm ! I will treasure this book for years to come . I would recomend it

Embroidery Craft: Stitching Through the Seasons, includes over 100 embroidery designs--along with many of the projects I shared on my blog 'turkey feathers' that readers asked for. I took all requests to heart as I selected which things to include and I think there's something for everybody at every skill level. Gathered here is a collection of small sewing projects inspired by vintage stitchery, a fusion of old and new, designed to encourage hand-stitching and creativity.

About the Author VICKI HANINGER lives near the woods in the Pacific Northwest where rainy days and legendary bad weather contribute to the many happy hours spent inside stitching and writing. She is the author of **BLANKET STATEMENT: ONE THRIFTED WOOL BLANKET REPURPOSED INTO 40+ PROJECTS**, which was her first indie book, compiled on a whim from projects that were originally posted on her blog, turkey feathers: home craft everyday adventures, where she writes about the gentle art of living as a "homebody".
