**Joke De Vette : Embroidery on Paper for Every Occasion** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Embroidery on Paper for Every Occasion:

1 of 1 people found the following review helpful. Great Value By Customer Another great publication for those genuinely interested in Embroidery on Paper art. 8 of 8 people found the following review helpful. Embroidery for every occasion By Arlene Buchanan This book has 69 designs for every occasion. It has beautiful designs -- some are simple and some are complicated. Many of the designs are single line stem stitch, but the author also has a long stem stitch which outlines the design in a raised cordlike line. Some of the instructions are not clear but the book was first published in the Netherlands so perhaps it has to do with translation. I would only recommend this book to an

experienced paper stitcher due to some of the vague descriptions.0 of 0 people found the following review helpful. My favorite book!By RingerI love this book. It is not for a beginner, but great if you have some experience.

Presenting simple methods for creating sophisticated greeting cards, this embroidery guidebook provides detailed instructions for crafting lasting expressions of endearment for any occasion. With life size patterns and elegant embroidery techniques, readers will learn to use a needle and thread to create cards for holidays, birthdays, graduations, and weddings.
