Janice Vaine : Embroidery Patchwork Revisited-An Illustrated Guide to Hand Stitching before purchasing it in order to gage whether or not it would be worth my time, and all praised Embroidery Patchwork Revisited-An Illustrated Guide to Hand Stitching:

7 of 8 people found the following review helpful. Great Embroidery BookBy CustomerThis book is fantastic. the instructions are very clear even for a beginner. great detail in explaining what to do and where to put your needle. Anyone who does any embroidery should get this book. It is a great reference for all kinds of stitches. I have several of Janice Vaines and she is a excellent teacher. I have had the pleasure of taking a few classes from her and she is simply great.0 of 0 people found the following review helpful. A lovely book of techniques and projectsBy Yarnspinner13I am taking 2 classes from Jan right now and 1 of them is in this book. Her stitching is absolutely lovely and the projects in this book are covered in detail so everyone can make these beautiful designs. Lots of nice projects and details of

embroidery stitches are wonderful 10 of 0 people found the following review helpful. this book has rekindled my love of "Crazy Patchwork" the projects are unique and the ...By Susan harrisEmbroideryPatchwork Revisited,this book has rekindled my love of "Crazy Patchwork" the projects are unique and the instructions ,along with beautiful photos and diagrams are easy to follow.looking forward to making my variation of the quilt on page84

Inspired by antique quilts - revisited to celebrate hand-stitching today, Jan Vaine s new book is a must-have for everyone who admires the timeless beauty of hand embroidery. Beginning with In the classroom with Jan teacher, author and embroidery expert Jan Vaine walks you step-by-step through all you need to know. Piecing the sampler block including patchwork block templates. Embroidering the sampler block including supplies and techniques. Stitching illustrations for each of the 16 basic stitches. Small practice projects. Patterns for blocks, stitch combinations and embroidery motifs. Spectacular quilt projects clearly show how embroidery enhances and complements curved and straight-edged piecing and applique in a way that s both orderly and engaging. Prepared with precision for all skill levels. Basic stitches beautifully illustrated. Filled with design ideas and stitch patterns. For all skill levels. Small and large projects. Ideas and inspiration for all hand stitchers

In 2012, Vaine purchased an exquisite hand-embroidered antique quilt. Inspired by its artistry, she decided to replicate it using contemporary fabrics and techniques. The result is a combination of a traditionally pieced medallion quilt with crazy quilt-style embroidered seams and embroidered embellishments. This guide documents Vaine's quilting journey, presenting the pattern for the quilt (which she has named "A Quilt To Dream Under") and a guide to the techniques used to make it. The first section of the book explains how to piece and embroider the patchwork blocks that surround the center medallion, followed by an embroidery stitch dictionary that demonstrates all the stitches used in the quilt. For quilters who are new to hand embroidering their patchwork and would like to practice before attempting a large-scale project, several small projects combining the two techniques are included. The author's descriptions are thorough, and close-up photos of her work (as well as the original quilt) are featured throughout. --Library Journal, May 2014Embroidery Patchwork Revisited was inspired by the author's interest in antique quilts and hand embroidery, and comes from an expert who provides step-by-step guidance through patchwork block templates and more. Besides discussions of techniques and supplies, there are small practice projects, illustrations for 19 stitches, and projects that blend applique and embroidery with piecing tips. Design ideas and stitch patterns are accompanied by diagrams and packed with color examples on every page, making this a treasure trove of techniques and applications recommended for any needleworker. --Midwest Book , June 2014For anyone who loves hand-embroidered embellishment on their quilts, this book will fire the imagination. Inspired by antique crazy quilts, author Vaine presents detailed instructions for a wide variety of embroidery stitches and offers patchwork patterns that are ideal for adding embroidery. The pocket-sized companion booklet serves as a reference guide for stitching on the go. --Quilters Newsletter Staff Picks, August/September, 2014About the AuthorJanice Vaine-seamstress, quilter, applique enthusiast, pattern designer, and teacher-enjoys sharing her love of needlearts with her students. Her teaching credentials include the past 6 years at The Elly Sienkiewicz Applique Academy, the International Quilt Festival, Texas quilt guilds, and quilt and sewing shops for over 20 years. Janice is author of The Art of Elegant Hand Embroidery, Embellishment and Applique and Applique Embroidery Fundamentals.
