Sylvie Blondeau : Embroidery pour la Maison: 100 French Designs for the Home before purchasing it in order to gage whether or not it would be worth my time, and all praised Embroidery pour la Maison: 100 French Designs for the Home:

13 of 13 people found the following review helpful. So many wonderful embroidery designs in such a lovely little bookBy Samantha BaxterThis book is overstuffed with so many cute things to embroider. There are designs that are pertinent to every room in the house (a washing machine for the laundry room, a computer for the home office, a dress form for the sewing room, just to name a few), no rooms have been left out. Plus the embroidery layouts are so charming and the suggested project instructions are easy to understand. I can't wait to start embroidering, but there were so many good designs in here that I can't decide what project to start first.0 of 0 people found the following review helpful. Cute, cute embroidery ideas.By ckayorkSuch cute,little embroidery ideas.I can think of dozen of ways I'm going to use these patterns. I think my granddaughter will also want to use some of them. They seem very bright snd youthful.0 of 0 people found the following review helpful. Delightful and FunBy ProcessGreat designs,layouts,fresh combinations of ground fabrics and embroidery together. Fun for your eyes and a way to reach into a fabric stash (if you do not have one and great reason to buy a couple of fat quarters or recycle something). Some layouts have background fabrics with the embroidered pieces applied on top and the look is fresh and fun. Why didn't I think of that??? The section that covers "A Collection of stitches" is well done also. Rather than line drawings you see the needle in step 1, step 2, and finished look. Depending on your learning style you may find this to be useful, it works well for me. Even this section is graced with completed designs. There is also a section for items to sew (eye mask..eyes closed, laundry bag,and drawstring bags,tea caddy,buttons). This book is charming and full of fun ideas and patterns that are all to scale one to another... so if you want to mix and match it is no problem. Hours of fun to be had. The Embroidery pour le Jardinier is equally fun and lovely.

In Embroidery pour la Maison, a delightful little craft book from French artist Sylvie Blondeau, you'll find more than 100 adorable ways to personalize and decorate everyday items in your home.Part of a new series of embroidery books

and featuring more 100 projects and twenty-one different needlepoint methods, Embroidery pour la Maison includes easy-to-follow directions and plenty of inspiration to personalize aprons, bags, and more. A fun, easy way for do-it-yourselfers to add a touch of charm to every room of the house—kitchen, bedroom, bathroom, living room, laundry room, and office. Embroidery pour la Maison is a valuable resource for crafters at all skill levels, complete with step-by-step instructions and illustrations.

From the Back Cover Embroidery pour la Maison presents more than one hundred designs to add charm to objects throughout the home, and twenty-one needlework steps teaching how to do this. In no time you'll be hand-stitching telephone motifs to address book covers, bubbles to bathrobes, baguettes and macarons to tote bags. The designs featured inside will allow you to personalize your accessories and create lovely embroidered gifts for your friends. About the Author Sylvie Blondeau is a French artist specializing in craft and illustration.
