Terry Allen : Encyclopedia Of Model Railroads before purchasing it in order to gage whether or not it would be worth my time, and all praised Encyclopedia Of Model Railroads:

1 of 1 people found the following review helpful. This book stinks.By J. PlanceAncient book on Model Railroads, even smelled old when I got it!But seriously, bought it for the section on Bob Hegge's Crooked Mountain Lines; one of those layouts that had a personality and was on par with the Gorre Dephetead and other greats.0 of 0 people found the following review helpful. Five StarsBy Claude T. Infusinothe best train book i've ever read1 of 1 people found the following review helpful. I love trains.By chopperGreat illustrations. Great picture. Great history behind each train included in this book. Would recommend this book to all train hobbyist.

Interesting Book!
