Lene Samsoe : Essentially Feminine Knits: 25 Must-Have Chic Designs before purchasing it in order to gage whether or not it would be worth my time, and all praised Essentially Feminine Knits: 25 Must-Have Chic Designs:

But the technical editor appears to have been asleep on the job based on errors in some patterns. Even worse, the publisher -- Interweave -- has failed to post any corrections to date. I'd still recommend the book and this designer...just proceed with caution. by TJ Dixon0 of 0 people found the following review helpful. Knitting is fun when the pattern does not contain errorsBy MaxiBeautiful designs, but pattern errorsByJames C. Dixonon October 11, 2012Format: Paperback|Verified Purchase. I wish i had read further into the reviews and i would not have purchased this book. pattern errors are a pain to deal with. Takse the fun out of a fun hobby. A warning should be part of the description.20 of 21 people found the following review helpful. Nothing SpecialBy Tobi O'NeilI found only one one pattern I especially liked and am doing that one now. I do wish that the photos were better. All the knitters I know wish that photos of the garments should show the front, back and sides without having long hair or poses where the garments are not fully shown. I also think that most of the models in this book were wearing terrible clothes with the sweaters!I don't rank this as a "Must-have" book.

Essentially Feminine Knits features a collection of 25 must-have garments and accessories for every occasion, casual to dressy. Designer and author Lene Holme Samsøe's patterns express her joy in knitting and embody a sometimes delicate, but always fashionably ladylike approach while relaying her inspiration--the sea that borders her home and it's subtle, simplistic colors. Focusing on Samsøe's signature botanical lace motifs, this collection offers designs with a variety of beautiful effects. Inside you'll find original sweaters, tops, jackets, hats, scarves, and mittens. Each pattern reveals elegant detailing, a flattering silhouette, and classic style, all of which are combined with a playful and modern sensibility. The projects featured in this book range from simple and quick to more in-depth--with the use of unique pattern instructions. Samsøe's unique style guarantees boldness and authenticity, and the patterns from Essentially Feminine Knits will keep you refined, chic, and simply feminine.

Praise for Lene Holme Samsøe's previous title, *Feminine Knits*: "5 out of 5 stars. The feminine and romantic designs showcase both contemporary and vintage ideas for fashion." - *Knitting News* "Samsøe's girly show, 22 items of spiced sugar--but not sticky-sweet--niceness. Lace is the headliner throughout, with openwork making appearances as both star (floral-motif jackets, a tiered skirt, a beribboned bolero) and supporting player (tinging the edges of a triangle shawl, supplying a saucy central inset to a square-neck tank). Bobbles, pompoms, jacquard and cables add even more romantic lyricism to already alluring pieces." - *Yarn Market News* "A gorgeous collection... Samsøe's patterns are very well written and clearly presented. I found a pattern for nearly every woman in my life in this book." - *KnitPurlGurl.com* "Delicate details. Attractive shapes. Pretty... All the designs (and they're mostly all sweaters) are what they claim to be--feminine knits." - *KnittingScholar.com* "This volume is newly translated into English and features beautiful sweater, scarf and jacket patterns perfect for intermediate to advanced knitters." - *American-Statesman* "Captivating designs with flattering silhouettes." - *Quick Easy Crochet* "The designs are interesting shapes, as are the uses of stitch patterns, such as the bobble and leaf cable at the centre of an Aran." - *Slipknot: The Journal of the Knitting Crochet Guild (UK)*
