ComplicatedBy rosefranI purchased a used book used because I was curious about smocking. The designs are beautiful and very complicated. All of the fashions are out of date. I haven't used the book and not sure that I ever will. However if you have the patience and time, I think that the info is good and the graphs helpful to design your smocking project.1 of 1 people found the following review helpful. Lots of good ideasBy Patricia J WagnerFrom history to ideas for applying smocking to colthingthis is a wonderful book. It also includes embroideryand patterns. I would recommend this book.
