P.A. Luty : Expedient Homemade Firearms: The 9mm Submachine Gun before purchasing it in order to gage whether or not it would be worth my time, and all praised Expedient Homemade Firearms: The 9mm Submachine Gun:

1 of 1 people found the following review helpful. Five StarsBy TCVery good. More information on quality would be appreciated.0 of 0 people found the following review helpful. Note the Authour'S Warning: The Device Would Be Illegal Almost EverywhereBy R.Also academically interesting. This is a glimpse into how firearms work.0 of 0 people found the following review helpful. unusualBy jetvery interesting surprising

The author provides clear, step-by-step instructions for and expedient 9mm submachine gun. It is easily constructed from readily available materials, primarily steel tubing; it does not require a lathe and milling machine and it can be

built by just about anyone in about a week. For Academic Study Only
