picture books take advantage of fabric motifs, conversational prints, and I Spy fabrics.* Make a floral applique gift book for a gardener. *Make a foundation-pieced bird book for a friend. *Use photo transfer techniques and stitch up a family photo memory book. **AUTHOR BIO:** Helping quilters realize their own creative abilities, Gwen Marston teaches quiltmaking in the United States as well as Japan. She has enjoyed more than 26 solo exhibits of her work in both of these countries, including seven museum exhibits of her small quilts. Gwen has been a regular columnist for "Lady's Circle Patchwork Quilts" and has authored 15 books, five for AQS. **REVIEW:** Sewing blocks into a cloth book for a child is a good idea. The explanation takes about 4 pages. This book would have made a good magazine article.
