Everything is here; the patterns and the instructions with lots of great design to wet ones appetite. The needlework is so worth it. I love the primitive look but this has little more style. I'm not a button-stitch lover nor embroidery, but with this type of inspiration, I think I can find the time to hone in on these skills.The miniatures are wonderful. Have any scrap-booking materials? They will fit the bill here.Kay0 of 0

When it arrived, I was even more delighted with the projects included. 0 of 0 people found the following review helpful. A Unique Find! By Bookie Book Such a unique book with great ideas. I haven't seen a craft book like this before, it gives many ideas and how-to steps for creating crafty customized book/journal covers. I love it!

You'll find charming covers, mini-books, a beautiful large sampler, a fun wall hanging and useful pincushions in this collection of projects.
