**Mylene Hillam : Fabulous Jewelry from Findings: Chic Designs using Spacers, Caps, Clasps, and More** before purchasing it in order to gage whether or not it would be worth my time, and all praised Fabulous Jewelry from Findings: Chic Designs using Spacers, Caps, Clasps, and More:

0 of 0 people found the following review helpful. Good Book for Ideas in Your Jewelry MakingBy misseDelivery was extremely fast. The book had a lot of great info and really good photos and gave me many ideas that I had not thought of before. I think it's a good buy if you are looking for extra ideas to incorporate into your jewelry making.1 of 2 people found the following review helpful. Not happy I spent my money on this oneBy Artsy Fartsy 1969This information would have been best presented as a pamphlet, there is not enough information to justify this as a booklet. The projects are mediocre, more suited to crafts your kids would make you at summer camp. Not happy I spent my money on this one.0 of 0 people found the following review helpful. Such a clever womanBy Michaela DaphneThis

book is so clever! There were ways she used the findings that I just never would have thought of. What a resourceful designer!

Findings serve a key function in jewelry making. These handy components provide practical ways to connect design elements and add a touch of shimmering metal. But what if findings weren't just the support act? What if we took them out of their utilitarian role and made them the star of the show? Innovative jewelry designer Mylne Hillam presents an exciting new concept of jewelry making in *Fabulous Jewelry from Findings*. She shows how to construct elegant pieces using just bead caps, cones, links, spacers, connectors, clasps, and tubes. Her fresh approach will have you looking at findings in a whole new light, as you experiment with color, shape, and texture in ways you've never thought of before. Learn how to create upmarket jewelry that looks expensive, but costs only a few dollars. You'll love making these fabulous bracelets, earrings, necklaces, and rings, in styles ranging from industrial chic to evening elegance.
