Fantasy Grayscale Vol 2 introduces 37 new stunning images in specialized, grayscale format! Indulge yourself with enchanting castles, characters, objects, figures, people, and more. Features: 37 eye-catching images The flipside of each page is left blank Wide variety of images 82 pages (8 x 11) 60# paper (white) Works great with colored pencils pens! Full-color, laminated cover in glossy finish Great gift or buy as a personal treat! Excellent stocking stuffer! The Ellie Nellz grayscale process takes grayscale to the next level by incorporating a technique which blends computer generated sketching with grayscaling to ensure additional detailing is added during the color washing process. This

helps your finished product look more professional, more detailed, and more, well, finished. This methodology of grayscaling gives the colorist the best of both worlds - the traditional line drawing of a great sketch artist and the latest trend of keeping the shading and highlights. Whats not to love about that? For more, see the Grayscale vs. Sketch section of my website: www.ellienellz.com. The Gallery is filled with coloring schemes and ideas! These pages work excellent with colored pencils and regular inks. Gel inks should be tested prior to use and then used at your own discretion. Paints, markers, etc., will bleed through and could cause ripping and should, therefore, not be used. Placing a blank sheet of paper underneath the page youre coloring helps to protect the next image. This coloring book contains fully licensed artwork by various artists, illustrators, and/or photographers further processed by me, Ellie Nellz, as a collection of computer generated and photo manipulated sketch and/or grayscale images presented for fellow lovers of the coloring realm to enjoy. So, ENJOY!

About the Author Like many lovers of beautiful things, I am a mother, a daughter, a sister, an aunt, a teacher, a learner, a giver, a receiver Well, you get the picture. Im really no different than anyone else, than any of you, unless youre a guy, because Im a girl. Or, unless you dont have a grand sense of humor because mines is usually quite over-the-top, of Mount Everest that is. I simply love to bring the beauty of life to those who enjoy it as much as I and Ive found that coloring is one of the best ways to experience it. So, I said to myself, as I often do talk to myself because who the heck else is going to be so agreeable with the likes of me, right? So, I decided, (see how quickly we agree?), to gather a ton of great art from the net and work my graphic magic so that tons of fellow coloring lovers like us, you and I, could well, color as much as we loved. And, well, here we are. I am. You are too, cuz youre reading this. So, I wont bore you with a laundry list of me, me, me, cuz youre here for the wonderful Ellie Nellz coloring books, right? Instead, Ill continue to do my best to present to you the most beautiful images by the wonderfully gracious artists, photographers, and illustrators who are generous enough to license their art so that creatives like me can add them to my line of renderings which I affectionately call, Sketches and Grayscales by Ellie Nellz, and pass them along to creatives like you. So, take a gander at my website if you will. Hope to see you there and, as always, I wish you the best of blessings and happiest of days! And, of course, happy coloring! www.ellienellz.com
