By Janice PA great book for introducing students to the process and skills needed to get from concept to clothing collection. Visual and written information is clear and easy to use. Extremely helpful content. 1 of 2 people found the following review helpful. Amazing book By A Maree Just what I

wanted!! It has everything I needed as a fashion student :) basically a fashion bible with all the different processes needed to design a collection.

This book is ideal for aspiring fashion designers, stylists and illustrators, including fashion students, educators, and technologists, and those with an interest in fashion.
