Bina Abling : Fashion Sketchbook (5th Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Fashion Sketchbook (5th Edition):

14 of 14 people found the following review helpful. Great Book!By FashionMomI was so excited to get this book in the mail! The best part of this book is the spiral bound feature! I own another book by the same author/artist so I was comfortable ordering this book because I knew what to expect. I was not disappointed! I use this book as a teaching tool and it's easy for students to understand, even the ones who have never had a drawing class. It's a book worth getting. A bit on the pricey side but what fashion design book isn't especially these college books. It's a great reference and a must if you have a fashion and sewing book collection.7 of 7 people found the following review helpful. Great!!By Jordan Adair ForemanAlthough a little pricey (when busy buying all the other needed materials for the illustration classes) this book is a definite MUST HAVE! It will show you how to draw your croquis and the movements as well as side and back views. Although your professor may not reference this book, it is a wonder piece of Heaven to own! :)3 of 3 people found the following review helpful. Fashion Illustration Made EasyBy H ShoreMs. Abling has done an excellent job illustrating how to illustrate, for apparel. The workbook-like format is easy to follow and instinctually laid out. She explains the materials needed, and the techniques she uses to create lovely illustrations.

A must-own for any fashion design student. As a side-note, she also has several great YouTube videos explaining some of her techniques as well. They're a nice supplement to this book.

With new and revised illustrations and instructions, this edition of Fashion Sketchbook is still providing students with a comprehensive course on sketching the fashion figure, fabric shapes, and garment details. Abling's directions are easy to follow and detailed, using minimum narrative and numerous diagrams. Fashion Sketchbook, 5th Edition, explains step-by-step how to draw women, men, and children; pose the figure; develop the fashion head and face; sketch accessories; include garment details; and prepare flats and specs.

About the Author Bina Abling has taught courses on design concepts, fashion illustration, model drawing, and fashion portfolio in the fashion design departments at the Fashion Institute of Technology and Parsons School of Design. She is the author of numerous books on fashion illustration, model drawing, and rendering.
