Emma Hardy : Fast, Fun Cards: 50 Step-by-Step Projects for Every Celebration before purchasing it in order to gauge whether or not it would be worth my time, and all praised Fast, Fun Cards: 50 Step-by-Step Projects for Every Celebration:

1 of 1 people found the following review helpful. Good and basic By Judith S. I've used some of the ideas in this book. they are explained well and I've made some attractive cards. There is a lot of variety, but, as I suspect is true with everyone, I won't use some of the ideas. 0 of 0 people found the following review helpful. Five Stars By Gailpleased1
1 of 1 people found the following review helpful. Great card-making book By D. Gundy This is a great book - my daughter and I both own it! Most of the cards are quite simple to make and there is a great variety to pick from.

Making cards has never been so easy or so appealing. From simple ideas like fixing a lavender-filled heart to a

backing card to creating a wedding cake card with tiers of patterned paper embellished with buttons and braid, Fast Fun Cards offers projects that suit a wide range of abilities. Themed by occasion, most projects include variations, and many can be easily made in large quantities for Christmas and other events. In addition to step-by-step photos and full size templates, this book offers expert advice on how to choose the most appealing materials. Fast Fun Cards offers a wide range of accessible and striking projects, both easy enough for a beginner but special enough for the more experienced crafter. Includes projects featuring popular cardmaking techniques such as: rubber stamping, quilling, embossing, simple stitching, paper folding and cutting. What better way to capture messages of love to family and friends than with a handmade card.
