The instructions are clear and easy to follow and I appreciated the list of materials and tools all on one page, all of which are simple and easy to find. The basics are covered in the book and there are ideas galore to get you started but after that you can take off and make all sorts of fun or elegant things. have also made the darling posies and a fun pin. I strongly advise getting the fabric turner and the wire the author sells on her website.0 of 0 people found the following review helpful.
