Sue Heaser : Fast Polymer Clay: Speedy Techniques and Projects for Crafters in a Hurry before purchasing it in order to gage whether or not it would be worth my time, and all praised Fast Polymer Clay: Speedy Techniques and Projects for Crafters in a Hurry:

1 of 1 people found the following review helpful. Great book of step-by-step projects that are quick and easyBy PamelaThis book helps introduce beginners and mid level artists to a collection of techniques and inspiration using step-by-step projects. Color photos help you visualize the steps for further understanding. Directions are clear and concise. This book is wonderful for anyone from middle-school age children through adults. Techniques include basics, caning, beginner jewelry, making game boards and pieces, accessories for the home, and even miniatures. Many projects make perfect gifts for family and friends. This book is great for quick weekend projects and when the

inspiration well is running a little dry.0 of 0 people found the following review helpful. if you're a polymer clay craft beginner, this is a must haveBy rasquichei'm new to the polymer clay craft. this book has many simple things to get a person started. good tips on how to. step by step instructions have a picture to go with each step.0 of 0 people found the following review helpful.
