**Anna Hrachovec : Feet Eaters: E-pattern from Knitting Mochimochi (Potter Craft ePatterns)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Feet Eaters: E-pattern from Knitting Mochimochi (Potter Craft ePatterns):

These cozy critter slippers want to gobble you up! But they realize it's more socially acceptable to keep your feet warm. In three sizes, they make the perfect gift for fatigued foot soldiers. Suggested materials include 4/medium (worsted) yarn, 1 set of 7-inch US size 8 (5.0mm) double-pointed needles, 1 set of 7-inch US size 6 (4.0mm) double-

pointed needles, and stuffing.
