Ondorisha : Filet Crochet Lace before purchasing it in order to gage whether or not it would be worth my time, and all praised Filet Crochet Lace:

0 of 0 people found the following review helpful. Must HaveBy Easily DiscombobulatedI love this book. I was having a really hard time learning increases and decreases from other books in filet crochet. I don't always understand the wording for the patterns. But the charts are very clear ,when a different technique is being used, they show blown up charts specific stitches to help make it happen. This is the book that I've needed, to truly help me understand the different stitches used to achieve different looks, beyond the basic square or rectangle the filled or open mesh block. Highly recommend this book to help understand filet crochet. Dozens of beautiful patterns, as well.

1983: by Ondorisha - 94 pages - not listed as 1st Edition.
