**Sarah Thompson : Fine Art Wire Weaving: Weaving Techniques for Stunning Jewelry Designs** before purchasing it in order to gage whether or not it would be worth my time, and all praised Fine Art Wire Weaving: Weaving Techniques for Stunning Jewelry Designs:

57 of 57 people found the following review helpful. A gorgeous book!By VCliftonThis book is full of the most gorgeous wire work projects. I'm dying to try several of these projects. The instructions and photos are clear, and I think even a novice wire worker like me can handle these projects. It's a beautiful book!Tonight I tried her Florence pendant, and I'm really pleased with my results. I'm a virtual novice and was able to understand the instructions. I'll add a photo of my first piece from this book. I will be making another for myself, as the blue one is a gift for a friend.47 of 47 people found the following review helpful. Great Book - terrible quality photos in Kindle VersionBy L.

MacIntosh I'm giving this book 5 stars for the content, but do not order the Kindle version. I am going to see if I can return it, the pictures are horrible quality! You can't even see the weaves. Love your designs - great instructions - was of money for the Kindle version. Very disappointed :(38 of 38 people found the following review helpful. I am experienced with wire weaving and found that the ...By wirewrangler I am experienced with wire weaving and found that the instructions at times were confusing with regard to which wire was being referenced. Also, the photos are too small and the book could have benefitted from more photos to reduce the amount of confusion with the text. If a new wire worker is reading this text, confusion shall occur.

Wire jewelry has never been more popular--but you've never seen projects like this before! In *Fine Art Wire Weaving*, award-winning author Sarah Thompson shares her secrets to creating wire jewelry that's nothing short of spectacular. Using super-fine wires to create 20 delicate, sophisticated pieces, you'll achieve that "wow" factor, all under the guidance of an expert jewelry teacher. You'll learn how to work with these fine wires successfully, as well as what to do when one of your projects goes awry. Using techniques in layering, symmetry, and dimensional shaping, you'll come away with a strong foundation in wire working so you can create your own one-of-a-kind pieces. Paired with beautiful, 4-color photographs, Thompson gives you step-by-step instructions to creating jewelry to pretty to keep for yourself but that you won't want to give away!

"...a breathtakingly beautiful introduction to the art of wire weaving...Sarah Thompson balances artful tension and control, backed up by her dynamite originality. *Fine Art Wire Weaving* is very complete, containing not only the projects, but lists of materials, tools, ways to fix mistakes (I love her for that!) and other great additions such as instructions with photos on how to make your own findings for your jewelry. There is also a resource section.... Sarah Thompson is a wire wonder worker! Her book will entrance you, coax your creativity into full gear, and help you understand how to grow as a jewelry designer at every turn, twist, and swirl." --Pretty Kitty Dog Moon Jewelry "The flowing designs are simply unique and wonderful." --The Beading Gem's Journal
