2 of 2 people found the following review helpful. The Definitive Collection of Pen Guns and Tear Gas Pens By Destiny Densley A complete history of Pen Guns and Tear Gas Pens. Many illustrations and photo's of the various

manufacturers. Complete with a set of bonus Blueprints for those do-it-yourself homebuilders. A Must for any serious collector of Pen Guns or Tear Gas Pens.

The common pen has been used for decades as a housing for concealed guns, knives and bombs by secret agents, saboteurs and criminals, and this book is loaded with information, anecdotes and photos on these most esoteric of weapons. Balisong pen knives, hypodermic needle pens, blow pens that shoot poison darts, tear-gas pens, booby-trapped pens and the many types of pen guns are covered. A special section features rare assassination and EE devices developed and used by the Gestapo, OSS, SOE, CIA, Vietcong and other espionage, military and terrorist organizations. For academic study only.
