Nancy Luedtke Zieman : Fitting Finesse before purchasing it in order to gage whether or not it would be worth my time, and all praised Fitting Finesse:

1 of 1 people found the following review helpful. Good book. Pivot and slide technique explained well enough ...By Rebecca PGood book. Pivot and slide technique explained well enough it got me started fitting my patterns. It seems to read well and is well organized. I got it specifically to help me fit a princess seam bodice and it tit the bill for me. Not much more I can say except I'd recommend this book to someone like myself who wants to learn how to sew their own clothes and make them fit better than ready to wear.2 of 2 people found the following review helpful. Improved My Fitting Skills!By Phat StripperBuying this book and getting Zieman's dvd on this topic has really improved my confidence and ability to fit sewing patterns! I was becoming very frustrated with sewing because most of my garments were not fitting properly and I was getting those dreaded horizontal and vertical lines all over the place. I highly recommend this book...the old edition is just as good as the new. Then, get the dvd where Nancy demonstrates how to do a few of the major adjustments that are outlined in the book. Yes, Professor Pincushion does an excellent job on Youtube using this method for bust and waist adjustments, but this book and Nancy's companion dvd give much more info about this sewing technique.1 of 1 people found the following review helpful. A great book for pattern fitting and sizing.By Penny MeekerLove her books they are the best. This is a book I recommend to all who are new at sewing and one we should have in our sewing library. Love Nancy Zieman.

SEVENTH PRINTING. 1998 Leisure Arts softcover(trade paperback), Nancy Luedtke Zieman (Pattern Fitting With Confidence). Expert advice from Nancy Zieman on Painless approach to fitting for both you and your pattern with Reference guide with size charts.
