expected a little more. This is a very small leaflet. Don't be confused thinking it's a book or magazine.<sup>2</sup> of 2 people found the following review helpful. Five Big Needle Afghans (Leisure Arts #75139)...By Barbara Cheney This is more like a pamphlet than a book. The patterns look fairly easy for those of us who are beginners but attractive enough for others. What I especially liked about this book is the definitions and explanations of various symbols that are often missing in other books. These last few pages make it worthwhile.<sup>3</sup> of 3 people found the following review helpful. In a hurry? These go really fast!By R. Cummings If you want to knit a fancy afghan for someone but don't want to commit yourself to what seems like a lifetime of effort, these big needle afghans go pretty fast. I have not made them all and understand from someone else's review that some versions of this may have errors, but you can find the fix for those under the company name "errata" categories, usually. (I have not personally tried this, either.)

Nothing is better on a chilly winter night than wrapping up in a cozy, comfy afghan you've knit yourself. Here are five fantastic big-needle designs you can knit quickly for cool-weather comfort. Knit some for yourself and some to give away - everyone loves to be cuddled in afghans like these!<sup>5</sup> afghans: Cozy Warm Afghan, Diamonds Are for Cuddling, Fireside Comfort Afghan, Tiffany Afghan, and Tuck-Me-In Afghan.
