**Florists' Review (Creator) : Florists' Review: 101 Wedding Bouquets with How-To Instructions** before purchasing it in order to gage whether or not it would be worth my time, and all praised Florists' Review: 101 Wedding Bouquets with How-To Instructions:

1 of 1 people found the following review helpful. Some fresh approaches and ideas  
By J. Nice book for arrangers who'd like some new ideas. Great instructions for basic tools needed for each creation plus tips clear photos on how to put each arrangement together. Some arrangements are repeats (in content or style), but all are guaranteed to get you to try out something new. Highly recommend for Crafters Library.  
4 of 4 people found the following review helpful. Great - but use as a second choice  
By SMKI purchased this book to get ideas and learn how to make bouquets for a wedding. The bouquets pictured were varied and the pictures beautiful but the instructions were not detailed enough for me. I then purchased the book New Inspirations in Wedding Florals. The details in this book are great - very specific and accompanied by great pictures. Once I had read the second book, the instructions in the first book now became clear.  
0 of 0 people found the following review helpful. No!  
By Melinda Santa Cruz I didn't love it. The bouquets were outdated, not that that mattered. They were downright ugly.
