Misplaced my old one and so happy it is now on Kindle. 1 of 1 people found the following review helpful. Flower Power By Rosalyn M. Zografos Want to have a perfect garden? This book will help even a novice look like a pro. We sold the house where I had collected 5000 bulbs and perennials. I knew nothing about it, but dug deep into Jerry's books. I tried half his trick's. they worked, naturally. Now the old neighborhood misses the TLC and Flower Power's help, I too realize how much I learned in 4 seasons. 1 of 1

people found the following review helpful. Plant Bible !!!By S. GarmanI already have this Book and found it invaluable for Houseplants and Gardening .I bought this Book again, for a new homeowner's Housewarming Gift .This Book is my 'Plant Bible' , I wouldn't be without it .I treat all my Plants and Shrubs with his Recipes, they work miracles onall Plants especially the weak sickly and dying Plants .

You'll also learn about your favorite plant's soil, sun, and watering needs, along with its height, blossom color, and flowering time, all of which will make your garden planting a snap.

.com Jerry Baker is known as America's master gardener--millions of would-be gardeners have warmed to his folksy PBS appearances and made bestsellers out of *The Impatient Gardener* and *The Impatient Gardener's Lawn Book*. Like Baker's other books, *Flower Power* is inexpensive and accordingly short on pretty pictures, but long on good advice, simply presented. For example: In spring, generously apply wood ashes from your fireplace all around your perennials, several inches deep. This will help to enrich the soil. You can also use dried dog food for the same purpose. It contains many of the same nutrients found in organic fertilizers, such as blood meal and bone meal. *Flower Power* gives no-nonsense directions for growing annuals, perennials, bulb plants, roses, and flowering shrubs and trees, with Baker's enthusiasm bursting through on every page.About the AuthorJerry Baker wasa top authority on plant care. His plant and gardening books include the bestsellers*Plants Are Like People*and*The Impatient Gardener*. He also had a nationally syndicated and widely successful radio show,*On the Garden Line*. He died in 2017.
