The color on each sheet is on one side; the backsides are white. The package states, "6 vibrant colors, plus gold foil". Technically, there is one gold sheet, four solid colors (red, purple, yellow and green), and two prints (orange with a white design that looks like repeated asterisks, and cyan-blue with white flowers blossoms). The prints look nice in my completed origami projects. The included "booklet" presents instructions for the following origami pieces: Simple Swan, Pig, Tortoise, Samurai Helmet, Rowboat, Star Box. These are perfect for a beginner adult, but a child will definitely need guidance to complete them. 1 of 1 people found the following review helpful. Granddaughter loves it By everlovinnana This book is really good because it starts out easy and you can work your way up or stay on the easy ones. This was my granddaughter's first origami book. She and her mom had looked at lots at stores to see which ones really would be good for beginners and this one was just right. 2 of 2 people found the following review helpful. Good Bargain By Rachel A. Phillips Great texture and proper thickness.
