I read through the book first and am very pleased with how it starts with the simple. I have always liked Shari Lewis and the way she touches the lives of children.1 of 2 people found the following review helpful. Had to have this bookBy Tim O'ConnorI checked out this book from the library as a young child because I love origami and puppets. Now this book is out of print but I wanted to have it to share with my grandkids. It's wonderful. RIP, Shari.0 of 1 people found the following review helpful. Five StarsBy Mr. EReally neat

Origami and puppets. Now this book is out of print
