Ernst Lehner, Johanna Lehner : Folklore and Symbolism of Flowers, Plants and Trees [Illustrated Edition]
before purchasing it in order to gauge whether or not it would be worth my time, and all praised Folklore and Symbolism of Flowers, Plants and Trees [Illustrated Edition]:

2012 Reprint of 1960 Edition. Exact facsimile of the original edition, not reproduced with Optical Recognition Software. In this unique and fascinating book, two collectors of pictorial symbols tell the story of flower symbolism, explaining its religious, magical and legendary significance and revealing hundreds of curious and little known facts. This is an essential work for folklorists, for artists and designers in all fields, for botanical and gardening specialists,

and for all those who would be familiar with the hidden language of flowers, plants and trees. Profusely illustrated.
